

Every™ Coverage.

North American Truck Coverages
For ISX15 And ISX12 Engines.

North American Heavy-Duty Truck Coverages.

How could we make Cummins Heavy-Duty base engine warranty coverage better than it already was? We made it simpler and more comprehensive.

From the block casting to the injectors, virtually everything is covered for 2 years/250,000 miles (402,336 km), whichever comes first. That includes all of the elements in the Cummins Aftertreatment System – the sensors, hydrocarbon doser injector, Selective Catalytic Reduction (SCR) catalyst, Cummins Particulate Filter and decomposition reactor – all of it.

Plus, we continue to offer a variety of comprehensive extended coverage plans on all Cummins Heavy-Duty engines for added security in over-the-road and vocational applications.

So owners can be assured that every contingency is covered.

ISX15 And ISX12 Base Warranty.

There's no greater assurance of quality. A product's warranty is ironclad proof that you can take to the bank, especially when it's a 2-year/250,000-mile (402,336 km) warranty on a Cummins Heavy-Duty ISX15 or ISX12 engine. Virtually everything is included in this standard warranty – 100% parts and labor, consumables, travel and towing, even progressive damage – all with no deductible:

- 100% parts and labor on warrantable failures*
- Travel or towing when an engine is disabled by a warrantable failure
- Consumables not reusable due to covered failure
- Limited progressive damage, including aftertreatment

*Warrantable failures are those due to defects in Cummins material or factory workmanship.

ISX15 And ISX12 Extended Coverage Plans.

Protection Plan 1

You can plan your maintenance and repair budgets with confidence when you've got extended coverage for your Heavy-Duty engines. Protection Plan 1 is our most comprehensive package, including the turbocharger, water pump and fuel injectors for a variety of year and mileage options ranging from 3 to 5 years and 300,000 to 500,000 miles (482,804-804,672 km). Contact your local distributor or dealer for duration details to choose the plan that best meets your equipment trade cycle and financial goals.

Items covered under Protection Plan 1 include:

- Internal components and major engine systems, including turbocharger, water pump and fuel injectors*
- Registered parts and labor on covered failures
- Limited progressive damage, including aftertreatment

*Does not include hydrocarbon doser injector.

Protection Plan 2

Provides you with coverage against major repair expenses down the road, no matter where those roads take you. Options range from 3 to 5 years and 300,000 to 500,000 miles (482,804-804,672 km).

Items covered under Protection Plan 2 include:

- Internal components and major engine systems
- Registered parts and labor on covered failures
- Limited progressive damage, including aftertreatment

Aftertreatment Extended Coverage*

Extended coverage is also available for your Cummins Aftertreatment System. Options range from 3 to 5 years and 300,000 to 500,000 miles (482,804-804,672 km).

The coverage includes Cummins-supplied aftertreatment components, including:

- Diesel Oxidation Catalyst (DOC), Diesel Particulate Filter (DPF) and SCR assemblies
- Hydrocarbon dosing system
- Diesel Exhaust Fluid (DEF) dosing system
- Aftertreatment controls

*Protection Plan 1 EPA 2010 of equal duration is required prior to the purchase of the Aftertreatment Extended Coverage.

North American Vocational Truck Coverage.

Cummins V-rated ISX15 and ISX12 engines deliver extra torque on the low end to pull loaded dump trucks or refuse haulers out of muddy gravel pits and help mixers navigate unpaved work sites. That's why we offer coverage for up to 7 years on these hardworking ISX15 and ISX12 engines.

ISX15 And ISX12 Vocational Coverage Plan

Comprehensive coverage with a choice of terms makes this a very attractive option. Items covered in the Vocational Coverage Plan include:

- Internal components and major engine systems
- Registered parts and labor on covered failures
- Limited progressive damage, including aftertreatment

Extended Components Coverage.

Major Components Coverage Plans

Cummins Major Components Coverage is the most important travel insurance you can buy, as it protects you against the unexpected expenses stemming from issues involving major repairs. Advance planning with Major Components Coverage helps protect you from unexpected expenses, with options ranging from 5 to 7 years and 500,000 to 700,000 miles (804,672-1,126,541 km).

Major Components Coverage includes:

- Registered parts and labor on covered failures
- Limited progressive damage, including aftertreatment
- Consumables not reusable due to covered failure
- Major castings and forgings

ISX15 And ISX12 EPA 2010 Extended Coverage Terms*

*Terms and conditions are subject to change.

**Protection Plan 1 EPA 2010 of equal duration is required prior to the purchase of the Aftertreatment Extended Coverage.

Leave Every Detail To Us.

For complete coverage details, contact your local Cummins distributor or OEM dealer.

Ordering Cummins extended coverage is easy. Your local Cummins distributor or dealer can handle it for you when you buy your new ISX15- or ISX12-powered truck.

If you experience a service event during the coverage period, call Cummins Care toll-free at 1-800-DIESELS™ (1-800-343-7357). Our engine experts are standing by every hour of every day, and they will check with nearby authorized Cummins distributors and dealers to locate a facility with an available technician and the right diagnostic and repair tools to handle your equipment issue. Your Cummins representative will help get you to the nearest available location – with 3,500 authorized locations, there's sure to be one close by.

Simply show the servicing distributor/dealer your extended coverage certificate, and they will handle all the necessary paperwork and repairs to get you back on the road as quickly as possible.
